We are a subsidiary company of Harsco Corporation, a worldwide industrial services and products company. Harsco Corporation was incorporated in the state of Delaware, USA and is based in Camp Hill, Pennsylvania, USA. Our ultimate United Kingdom based parent is Harsco Investment Limited which acts as an intermediate holding and finance company to the business units operating within the United Kingdom.

Our core activity is the provision of mill services throughout the entire metals production process of the steel industry within the United Kingdom along with management services. Further activities are the processing of steel slag and the sale of resulting road surfacing aggregates.

We seek to uphold human rights in all our operations and facilities in the United Kingdom and globally. We do not condone or permit the use of modern slavery; human trafficking; or child, forced, indentured or involuntary labor in any of our operations. We promote the health and safety of all our workers in every location. In addition, we ensure compliance with fair wage and hour laws in all of our operations. We will not knowingly conduct business with – and will terminate business dealings with – any supplier or other business partner who violates these standards.

In furtherance thereof, there is:

1. Included an acknowledgement of Human Rights, including the prohibition of slavery and human trafficking, in the Harsco Code of Business Conduct;
2. A confidential, independently operated hotline for employees to voice concerns and potential violations of the Code of Business Conduct. The hotline is accessible online, offline and via phone; the contact information is displayed at all sites around the world to ensure that all employees and temporary workers have access;
3. A robust Due Diligence policy and related procedures that screen third-parties prior to engagement.
